INDEPENDENT AUDITOR'S REPORT

To the Members of
Blue Jet Healthcare Private Limited
(Formerly known as Jet Chemicals Private Limited)

Report on the Audit of the Ind AS Standalone Financial Statements

Opinion

We have audited the accompanying Ind AS Standalone financial statements of **Blue Jet Healthcare Private Limited (formerly known as Jet Chemicals Private Limited)** ("the Company"), which comprise the Ind AS Standalone Balance Sheet as at March 31, 2021, the Ind AS Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Ind AS Standalone Statement of Changes in Equity and the Ind AS Standalone Cash Flow Statement for the year then ended, and notes to the Ind AS Standalone financial statements, including a summary of the significant accounting policies and other explanatory information (herein after referred to as "the Ind AS Standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the Ind AS Standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Ind AS Standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Ind AS Standalone financial statements of the current year. These matters were addressed in the context of our audit of the Ind AS Standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matters:

The Key audit matter	How the matter was addressed in our audit
<p>Appropriateness of revenue recognition</p> <ul style="list-style-type: none">• The Company recognises revenue in accordance with Ind AS 115 “Revenue from Contracts with Customers”.• Revenue from the sale of goods is recognised at a point in time when the control has been transferred, which generally coincides with terms as agreed with the customers.• The above was considered to be a key audit matter since revenue is significant to the Ind AS Standalone financial statements and is required to be recognised in accordance with the terms of the customer contracts, which involve management judgements as described above.	<p>Our Audit procedures included:</p> <ul style="list-style-type: none">• We have read the contracts to identify significant terms of the contracts.• We have evaluated the contract terms to assess the timing of transfer of control to the customer and to determine whether revenue is recognized appropriately• We have tested whether the revenue recognition (including procedures related to cut off) is in line with the terms of customer contracts, the transfer of control.• We have evaluated adequacy of the presentation and disclosures.

Other Information

The Company’s Management and Board of Director are responsible for the other information. The Other information comprises the information included in the Company’s annual report, but does not include the financial statements and our auditor’s report thereon. The other information is expected to be made available to us after the date of this auditor’s report.

Our opinion on the accompanying Ind AS Standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the accompanying Ind AS Standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with accompanying Ind AS Standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information included in the Company’s annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Ind AS Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS Standalone financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") prescribed under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Management and Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Ind AS Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS Standalone financial statements as whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the Ind AS Standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(a) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Ind AS Standalone financial statements in place and the operating effectiveness of such controls.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management and Board of Directors.
4. Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS Standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the Ind AS Standalone financial statements, including the disclosures, and whether the Ind AS Standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS Standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The comparative financial information of the Company for the year ended March 31, 2020 and the transition date opening Balance Sheet as at April 01, 2019 included in these Ind AS Standalone financial statements, are based on the previously issued statutory Standalone financial statements audited by Jain Kachori and Associates LLP Chartered Accountants (predecessor auditor), whose report dated December 31, 2020 and September 06, 2019 respectively, expressed an unmodified opinion on those Standalone financial statements, as adjusted for the differences in the accounting principles adopted by the Company on transition to the Ind AS, which have been audited by us. Our opinion is not modified in respect of this matter.

We refer to note no. 52 to the Ind AS Standalone financial statements which mention about the scheme of merger by absorption. We did not audit the financial statements of the absorbed undertaking, as considered in these Ind AS standalone financial statements. These financial statements have been audited by S.S Trimbakkar & CO Chartered Accountants whose report dated September 06, 2019 has been furnished to us by the management and our opinion on the Ind AS standalone financial statements, in so far as it relates to the amounts and disclosures included in respect of the absorbed undertaking, is based solely on the report of the auditors of the absorbed undertaking as adjusted for the accounting effects of the Scheme recorded by the Company in particular, the differences in the accounting principles adopted by the Company on transition to the Ind AS, which have been audited by us. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit,
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books,
 - c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including other comprehensive income), the Standalone Statement of Changes in Equity and Standalone Cash Flow Statement and dealt with by this Report are in agreement with the books of account,
 - d) In our opinion, the aforesaid the Ind AS Standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act,

Khimji Kunverji & Co LLP

Chartered Accountants

- e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act and
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company we are unable to comment on the operating effectiveness of such controls as at March 31, 2021 as we were appointed as statutory auditors of the Company on September 16, 2021. We have considered the above in determining the nature, timing, and extent of audit tests applied in our audit of the Ind AS Standalone financial statements of the Company. The same does not affect our opinion on the Ind AS Standalone financial statements of the Company.
3. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- a) The Company has disclosed the impact of pending litigations as at March 31, 2021 on its financial position in its Ind AS Standalone financial statements - Refer Note 37 to the Ind AS Standalone financial statements.
 - b) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts. Refer Note 54 to the Ind AS Standalone financial statements.
 - c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - d) The disclosure in the Ind AS Standalone financial statements regarding holdings and well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these financial statements since they do not pertain to the financial year ended March 31, 2021.
4. Section 197 of the Act dealing with the payment of managerial remuneration is not applicable to private companies.

Date: December 31, 2021

Annexure A to the Independent Auditors' Report of even date on the Ind AS Standalone financial statements for the year ended March 31, 2021

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company, except for the following:

Particulars	Buildings	Leasehold Land
Gross Block as at March 31, 2021 (Rs. in Million)	383.42	197.27
Net Block as at March 31, 2021 (Rs. in Million)	357.33	191.48
Number of Case	1	2

- ii. The inventory, except for goods-in-transit has been physically verified by the management at reasonable intervals during the year. In our opinion, the frequency of such verification is reasonable. The discrepancies noticed on verification between the physical stocks and the book records were not material.
- iii. In our opinion and according to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, paragraph 3(iii) of the Order is not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, the Company has not granted any loans or provided any guarantees or security to the parties covered under section 185 of the Act and the Company has complied with the provisions of Section 186 of the Act, with respect to the loans given, investments made, guarantees given and security provided.
- v. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public during the year in terms of the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.
- vi. We have broadly reviewed the books of account maintained by the Company as specified under Section 148(1) of the Act, for maintenance of cost records in respect of products manufactured by the Company, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

- vii. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Employees' State Insurance, Income-tax, Goods and service tax , Duty of Customs, Cess and other material statutory dues applicable.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-tax, Goods & Service Tax, Duty of Customs, Cess and other material statutory dues were in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, details of dues of Income-tax which have not been deposited as on March 31, 2021 on account of disputes are given below:

Name of the statute	Nature of the dues	Forum where dispute is pending	Period to which amount relates	Amount (in million)
Income tax Act, 1961	MAT credit not given and others	CIT(A)	AY 18-19	4.49
	Addition to Income	CIT(A)	AY 12-13	15.33

- viii. According to the information and explanations given to us, and based on the records of the Company, certain delays were observed in in the repayment of loans or borrowings to banks which were subsequently paid off, however following are the list of delays which were existing as on March 31, 2021 :

Particulars	Amount of Default as on March 31, 2021 (in million)		Period of Default (in days)	Remarks, if any
	Interest	Principal		
Kotak Mahindra Bank	0.17	1.20	13	Subsequently repaid on April 07, 2021
IndusInd Bank	0.17	1.41	51	Subsequently repaid on May 21, 2021

- ix. According to the information and explanation given to us, the Company has not raised monies by way of term loans or by way of initial public offer or further public offer during the year and therefore paragraph 3(ix) of the order is not applicable to the Company.
- x. According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.

Khimji Kunverji & Co LLP

Chartered Accountants

- xi. The Company is a private Company and hence section 197 read with Schedule V to the Act is not applicable.
- xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable Ind AS.
- xiv. During the year, pursuant to scheme of absorption vide order of the National Company Law Tribunal, Mumbai Bench (NCLT) dated November 19, 2020, the Company has made preferential allotment or private placement of Preference shares. According to the information and explanations given to us, considering the NCLT order, the Company is deemed to have complied with requirements of section 42 of the Act. Further as explained to us and in our opinion, no additional amount was raised.
- xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with them. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.
- xvi. According to the information and explanations given to us, the Company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi) of the Order is not applicable to the Company.

INDEPENDENT AUDITOR'S REPORT

To the Members of
Blue Jet Healthcare Private Limited
(Formerly known as Jet Chemicals Private Limited)

Report on the Audit of the Ind AS Standalone Financial Statements

Opinion

We have audited the accompanying Ind AS Standalone financial statements of **Blue Jet Healthcare Private Limited (formerly known as Jet Chemicals Private Limited)** ("the Company"), which comprise the Ind AS Standalone Balance Sheet as at March 31, 2021, the Ind AS Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Ind AS Standalone Statement of Changes in Equity and the Ind AS Standalone Cash Flow Statement for the year then ended, and notes to the Ind AS Standalone financial statements, including a summary of the significant accounting policies and other explanatory information (herein after referred to as "the Ind AS Standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the Ind AS Standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Ind AS Standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Ind AS Standalone financial statements of the current year. These matters were addressed in the context of our audit of the Ind AS Standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matters:

The Key audit matter	How the matter was addressed in our audit
<p>Appropriateness of revenue recognition</p> <ul style="list-style-type: none">• The Company recognises revenue in accordance with Ind AS 115 “Revenue from Contracts with Customers”.• Revenue from the sale of goods is recognised at a point in time when the control has been transferred, which generally coincides with terms as agreed with the customers.• The above was considered to be a key audit matter since revenue is significant to the Ind AS Standalone financial statements and is required to be recognised in accordance with the terms of the customer contracts, which involve management judgements as described above.	<p>Our Audit procedures included:</p> <ul style="list-style-type: none">• We have read the contracts to identify significant terms of the contracts.• We have evaluated the contract terms to assess the timing of transfer of control to the customer and to determine whether revenue is recognized appropriately• We have tested whether the revenue recognition (including procedures related to cut off) is in line with the terms of customer contracts, the transfer of control.• We have evaluated adequacy of the presentation and disclosures.

Other Information

The Company’s Management and Board of Director are responsible for the other information. The Other information comprises the information included in the Company’s annual report, but does not include the financial statements and our auditor’s report thereon. The other information is expected to be made available to us after the date of this auditor’s report.

Our opinion on the accompanying Ind AS Standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the accompanying Ind AS Standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with accompanying Ind AS Standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the other information included in the Company’s annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Ind AS Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS Standalone financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") prescribed under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS Standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Management and Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Ind AS Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS Standalone financial statements as whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the Ind AS Standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(a) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Ind AS Standalone financial statements in place and the operating effectiveness of such controls.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management and Board of Directors.
4. Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS Standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the Ind AS Standalone financial statements, including the disclosures, and whether the Ind AS Standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS Standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The comparative financial information of the Company for the year ended March 31, 2020 and the transition date opening Balance Sheet as at April 01, 2019 included in these Ind AS Standalone financial statements, are based on the previously issued statutory Standalone financial statements audited by Jain Kachori and Associates LLP Chartered Accountants (predecessor auditor), whose report dated December 31, 2020 and September 06, 2019 respectively, expressed an unmodified opinion on those Standalone financial statements, as adjusted for the differences in the accounting principles adopted by the Company on transition to the Ind AS, which have been audited by us. Our opinion is not modified in respect of this matter.

We refer to note no. 52 to the Ind AS Standalone financial statements which mention about the scheme of merger by absorption. We did not audit the financial statements of the absorbed undertaking, as considered in these Ind AS standalone financial statements. These financial statements have been audited by S.S Trimbakkar & CO Chartered Accountants whose report dated September 06, 2019 has been furnished to us by the management and our opinion on the Ind AS standalone financial statements, in so far as it relates to the amounts and disclosures included in respect of the absorbed undertaking, is based solely on the report of the auditors of the absorbed undertaking as adjusted for the accounting effects of the Scheme recorded by the Company in particular, the differences in the accounting principles adopted by the Company on transition to the Ind AS, which have been audited by us. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit,
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books,
 - c) The Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including other comprehensive income), the Standalone Statement of Changes in Equity and Standalone Cash Flow Statement and dealt with by this Report are in agreement with the books of account,
 - d) In our opinion, the aforesaid the Ind AS Standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act,

Khimji Kunverji & Co LLP

Chartered Accountants

- e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act and
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company we are unable to comment on the operating effectiveness of such controls as at March 31, 2021 as we were appointed as statutory auditors of the Company on September 16, 2021. We have considered the above in determining the nature, timing, and extent of audit tests applied in our audit of the Ind AS Standalone financial statements of the Company. The same does not affect our opinion on the Ind AS Standalone financial statements of the Company.
3. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- a) The Company has disclosed the impact of pending litigations as at March 31, 2021 on its financial position in its Ind AS Standalone financial statements - Refer Note 37 to the Ind AS Standalone financial statements.
 - b) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts Refer Note 54 to the Ind AS Standalone financial statements.
 - c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - d) The disclosure in the Ind AS Standalone financial statements regarding holdings and well as dealings in specified bank notes during the period from 8 November 2016 to 30 December 2016 have not been made in these financial statements since they do not pertain to the financial year ended March 31, 2021.
4. Section 197 of the Act dealing with the payment of managerial remuneration is not applicable to private companies.

Annexure A to the Independent Auditors' Report of even date on the Ind AS Standalone financial statements for the year ended March 31, 2021

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company, except for the following:

Particulars	Buildings	Leasehold Land
Gross Block as at March 31, 2021 (Rs. in Million)	383.42	197.27
Net Block as at March 31, 2021 (Rs. in Million)	357.33	191.48
Number of Case	1	2

- ii. The inventory, except for goods-in-transit has been physically verified by the management at reasonable intervals during the year. In our opinion, the frequency of such verification is reasonable. The discrepancies noticed on verification between the physical stocks and the book records were not material.
- iii. In our opinion and according to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties covered in the register maintained under Section 189 of the Act. Accordingly, paragraph 3(iii) of the Order is not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, the Company has not granted any loans or provided any guarantees or security to the parties covered under section 185 of the Act and the Company has complied with the provisions of Section 186 of the Act, with respect to the loans given, investments made, guarantees given and security provided.
- v. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public during the year in terms of the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.
- vi. We have broadly reviewed the books of account maintained by the Company as specified under Section 148(1) of the Act, for maintenance of cost records in respect of products manufactured by the Company, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

Khimji Kunverji & Co LLP

- vii. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues including Provident Fund, Employees' State Insurance, Income-tax, Goods and service tax , Duty of Customs, Cess and other material statutory dues applicable.

According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income-tax, Goods & Service Tax, Duty of Customs, Cess and other material statutory dues were in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, details of dues of Income-tax which have not been deposited as on March 31, 2021 on account of disputes are given below:

Name of the statute	Nature of the dues	Forum where dispute is pending	Period to which amount relates	Amount (in million)
Income tax Act, 1961	MAT credit not given and others	CIT(A)	AY 18-19	4.49
	Addition to Income	CIT(A)	AY 12-13	15.33

- viii. According to the information and explanations given to us, and based on the records of the Company, certain delays were observed in in the repayment of loans or borrowings to banks which were subsequently paid off, however following are the list of delays which were existing as on March 31, 2021 :

Particulars	Amount of Default as on March 31, 2021 (in million)		Period of Default (in days)	Remarks, if any
	Interest	Principal		
Kotak Mahindra Bank	0.17	1.20	13	Subsequently repaid on April 07, 2021
IndusInd Bank	0.17	1.41	51	Subsequently repaid on May 21, 2021

- ix. According to the information and explanation given to us, the Company has not raised monies by way of term loans or by way of initial public offer or further public offer during the year and therefore paragraph 3(ix) of the order is not applicable to the Company.
- x. According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.

Khimji Kunverji & Co LLP

Chartered Accountants

- xi. The Company is a private Company and hence section 197 read with Schedule V to the Act is not applicable.
- xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable Ind AS.
- xiv. During the year, pursuant to scheme of absorption vide order of the National Company Law Tribunal, Mumbai Bench (NCLT) dated November 19, 2020, the Company has made preferential allotment or private placement of Preference shares. According to the information and explanations given to us, considering the NCLT order, the Company is deemed to have complied with requirements of section 42 of the Act. Further as explained to us and in our opinion, no additional amount was raised.
- xv. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with them. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company.
- xvi. According to the information and explanations given to us, the Company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi) of the Order is not applicable to the Company.

	01-04-2019			31-03-2020	01-04-2019			31-03-2020	31-03-2020
Leasehold Land	32.99	-	-	32.99	0.48	0.48	-	0.95	32.03
Leasehold Building	0.47	-	-	0.47	0.16	0.24	-	0.39	0.08
Total	33.46	-	-	33.46	0.63	0.71	-	1.34	32.11
Less: Depreciation transferred to CWIP									-
Net Depreciation Charged to Statement of Profit & Loss									32.11

(b) Lease Expenses recognized in Statement of Profit and Loss not included in the measurement of lease liabilities:

Particulars	₹ in million	
	Year Ended 31-03-2021	Year Ended 31-03-2020
Variable lease payments	-	-
Expenses relating to short-term leases	-	-
Expenses relating to leases of low-value assets, excluding short-term leases of low value assets	-	-

(c) Maturity analysis of lease liabilities— contractual undiscounted cash flows:

Particulars	₹ in million	
	As at 31-03-2021	As at 31-03-2020
Less than one year	0.53	0.09
One to five years	0.16	-
More than five years	-	-
Total undiscounted lease liabilities	0.70	0.09

(d) The Company had implemented Indian Accounting Standard for Leases ("Ind AS 116") with effect from April 1, 2019 using the retrospective approach, under which the cumulative effect of Initial application is recognized in retained earnings as on April 1, 2019. The effect of initial recognition as per Ind AS 116 is as follows:

Particulars	₹ in million
	As at 01-04-2019
Lease liability	0.33
Right of Use (ROU) asset (Leasehold Building)	(0.31)
Net Impact on Retained Earnings	0.02

(e) Impact of adoption of Ind AS 116 for the year ended March 31, 2021 is as follows:

Particulars	₹ in million	
	As at 31-03-2021	As at 31-03-2020
Decrease in Other Expenses	0.45	0.26
Increase in Depreciation	(0.42)	(0.24)
Increase in Finance Cost	(0.02)	(0.01)
Net Impact on Profit/Loss	0.01	0.01

(f) The difference between the future minimum lease rental commitments towards non-cancellable operating leases and finance leases reported as at March 31, 2019 compared to the lease liability as accounted as at April 1, 2019 is primarily due to contracts reassessed as lease contracts under Ind AS 116, reduction due to discounting of the lease liabilities as per the requirement of Ind AS 116 and exclusion of the commitments for the leases to which the Company has chosen to apply the practical expedient as per the standard.

Particulars	₹ in million
	Amount
Lease commitments as at 31 March 2019	0.17
Add: Impact of assessment of opening lease commitments under Ind AS 116	0.16
Add/(less): contracts reassessed as lease contracts	-
Add/(less): adjustments on account of extension/termination	-
Lease liabilities as on 1 April 2019	0.33

(g) SBI Base rate 7.4% p.a. has been applied for measuring the lease liability at the date of initial application.

(h) The total cash outflow for leases for year ended March 31, 2021 is ₹ 0.43 millions (March 31, 2020 ₹ 0.26 millions).

Notes*

1. Leasehold land includes land for which ownership is not in the name of the Company - Gross Block of Rs. 197.27 million and Net Block of Rs. 195.70 million (March 31, 2020 - Gross Block of Rs. 37.27 million and Net Block of Rs. 36.32 million)

Note 38: Capital and other commitments

Estimated amount of Contracts remaining to be executed on capital account, not provided for (net of advances) Rs. 2.67 million (March 31, 2020 - Rs 5.99 million, April 1, 2019 - Nil).

Note 39: Employee Benefits (Ind AS 19)

a. Defined Benefit Plans:

Gratuity:

The gratuity payable to employees is based on the employee's service and last drawn salary at the time of leaving the services of the Company and is in accordance with the rules of the Company for payment of gratuity.

Inherent Risk on above:

The plan is defined in nature which is sponsored by the Company and hence it underwrites all the risks pertaining to the plan. In particular, this exposes the Company to actuarial risk such as adverse salary growth, change in demographic experience, inadequate return on underlying plan assets. This may result in an increase in cost of providing these benefits to the employees in future. Since the benefits are lump sum in nature, the plan is not subject to any longevity risk.

Salary Escalation Rate (p.a.)	8%	8%
Retirement age	60.00	60.00
Maximum pay out	2.00	2.00
Weighted Average duration of Defined benefit obligation	11.00	11.00

*The Sensitivities Analyses have been calculated to show the movement in defined benefit obligation in isolation and assuming there are no other changes in market conditions at the accounting date. There have been no changes from the previous periods in the methods and assumptions used in preparing the sensitivity analyses

Basis used to determine Expected Rate of Return on Plan Assets:

Expected rate of return on Plan Assets is based on expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligations.

Salary Escalation Rate:

The estimates of future salary are considered taking into account inflation, seniority, promotion and other relevant factors.

Asset Liability matching strategy

The money contributed by the Company to the Gratuity fund to finance the liabilities of the plan has to be invested.

The company has outsourced the investment management of the fund to LIC in the FY 20-21. The Insurance Company in turn manages these funds as per the mandate provided to them by the company and the asset allocation which is within the permissible limits prescribed in the insurance regulations. Due to the restrictions in the type of investments that can be held by the fund, it is not possible to explicitly follow an asset liability matching strategy.

There is no compulsion on the part of the Company to fully prefund the liability of the Plan. The Company's philosophy is to fund these benefits based on its own liquidity and the level of under funding of the plan.

The Company's expected contribution during next year is Rs. 3.05 million {March 31, 2020: Rs. 2.50 million }

b. Defined Contribution Plans:

Amount recognized as an expense and included in Note 31 under the head "Contribution to Provident and other Funds" of Statement of Profit and Loss is Rs. 1.29 million (Previous Year Rs. 1.46 million)

BlueJet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)
Notes to the Financial Statements

Note 40: Segment Reporting (Ind AS 108):

The Company is exclusively engaged in the business of manufacturing of Pharmaceutical & Healthcare products. These in the context of the Ind AS 108 Operating Segment, are considered to constitute one single primary segment.

Investment in Subsidiary amounting to Rs. Nil (March 31, 2020 Rs. 7.15 Million and April 01, 2019 Rs. 7.15 Million) are measured at Cost in accordance with Ind AS 27.

Note 46: Fair Value measurement (Ind AS 113):

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The Company has established the following fair value hierarchy that categorizes the values into 3 levels. The inputs to valuation techniques used to measure fair value of financial instruments are:

Level 1: This hierarchy uses quoted (unadjusted) prices in active markets for identical assets or liabilities. The company does not have any such asset or liabilities.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on company specific estimates. The investment in mutual funds are valued using the closing Net Asset Value based on the mutual fund statements received by the company. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

Financial Asset at Fair Value through profit or loss:			
Investments – Level 1			
Investments – Level 2	368.38	253.33	6.48
Investments – Level 3	-	-	-
Total	368.38	253.33	6.48

The management assessed that cash and bank balances, trade payables, and other financial asset and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The following methods and assumptions were used to estimate the fair values:

The fair values of the quoted investments/units of mutual fund schemes are based on market price/net asset value at the reporting date

Note 47: Capital Management (Ind AS 1):

The Company's objectives when managing capital are to

- (a) maximise shareholder value and provide benefits to other stakeholders and
- (b) maintain an optimal capital structure to reduce the cost of capital.

For the purposes of the Company's capital management, capital includes issued capital, share premium and all other equity reserves attributable to the equity holders.

The Company monitors capital using debt-equity ratio, which is total debt less investments divided by total equity.

Particulars	₹ in million		
	As at 31-03-2021	As at 31-03-2020	As at 01-04-2019
Total Debt (bank and other borrowings)	515.61	740.65	1,257.62
Less: Cash and cash equivalents and bank balances	611.27	100.48	50.61
Net Debt	-	640.17	1,207.02
Total Equity	3,298.11	1,889.02	440.58
Debt-Equity ratio (Net)	-	0.34	2.74

*Net Debt as at March 31, 2021 is considered zero as the value of Liquid Investment is higher than that of Total Debt

In addition the Company has financial covenants relating to the borrowing facilities that it has taken from the lenders like interest coverage service ratio, Debt to EBITDA, etc. which is maintained by the Company

BlueJet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)
Notes to the Financial Statements

Note 48: Financial Risk Management Objectives and Policies (Ind AS 107):

The Company's principal financial liabilities comprises of borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support the Company's operations. The Company's principal financial assets include Investments, Loans and Other receivables, Cash and Cash Equivalents, Other Bank Balances that directly derive from its operations

The Company is exposed to Market Risk, Credit Risk and Liquidity Risk. The Company's senior management oversees the management of these risks. The Company's senior management ensures that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

Market Risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument.

The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and borrowings.

Foreign Currency Risk

Foreign currency risk is the risk of impact related to fair value or future cash flows of an exposure in foreign currency, which fluctuate due to changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the foreign currency borrowings, receivable against exports of finished goods, loan to foreign subsidiary, interest receivable on loan to subsidiary and the Company's net investments in foreign subsidiaries

When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure.

The Company evaluates exchange rate exposure arising from foreign currency transactions. The Company follows established risk management policies, where management enters into forward contract, if required for the purpose of being hedge

Interest rate risk :

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's short term borrowing with floating interest rates. The Company constantly monitors the credit markets and rebalances its financing strategies to achieve an optimal maturity profile and financing cost.

BlueJet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)
Notes to the Financial Statements

b. Credit Risk :

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily Trade Receivables), investing and financing activities including Mutual Fund Investments, Deposits with Bank, Security Deposits, Loans to Employees and other financial instruments.

Trade Receivables :

Trade receivables are consisting of a large number of customers. The Company has credit evaluation policy for each customer and based on the evaluation credit limit of each customer is defined.

Total Trade receivable as on March 31, 2021 Rs. 1,440.04 million (March 31, 2020 Rs. 1184.89 million , April 1, 2019 Rs. 177.83 million)

A single largest customer has total exposure in sales of approximately 63% (March 31, 2020: 71%) and in receivables approximately 58% (March 31, 2020: 66%)

As per simplified approach, the Company makes provision of expected credit losses on trade receivables using a provision matrix to mitigate the risk of default payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

Particulars	Loss Allowance
0-180 days	Nil
Above 180 days and upto 1 year	50.00%
Above 1 year	100.00%

Less: Utilised during the Year	-	-	-
Less: Provision no longer required written back during the year	(0.19)	-	-
Closing Provision	-	0.19	0.19

Investments, Cash and Cash Equivalent and Bank Deposit:

Credit Risk on cash and cash equivalent, deposits with the banks/financial institutions is generally low as the said deposits have been made with the banks/financial institutions who have been assigned high credit rating by international and domestic rating agencies.

c. Liquidity Risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. Senior management of the Company is responsible for liquidity, funding as well as settlement management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows.

The table below provides details regarding the remaining contractual maturities of financial liabilities and investments at the reporting date based on contractual undiscounted payments.

Pharma Intermediates and Active Pharmaceutical Ingredients	417.67	247.91
Others	1.33	3.29
Total	4,942.10	5,295.14

The above revenue streams have been determined on the basis of information available with the company and the same has been relied upon by the auditors.

Bluejet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)
Notes to the Financial Statements

Note 52: First Time Adoption of Ind AS (Ind AS 101):

As stated in Note 1, these financial statements, for the year ended March 31, 2021, are the first the Company has prepared in accordance with IndAS. For periods up to and including the year ended March 31, 2020, the Company prepared its financial statements in accordance with accounting standards notified under section 133 of the Companies Act, 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (IGAAP).

Accordingly, the Company has prepared financial statements which comply with Ind AS applicable for periods ending on March 31, 2021, together with the comparative period data as at and for the year ended March 31, 2020, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at April 01, 2019, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its IGAAP financial statements, including the balance sheet as at April 01, 2019 and the financial statements as at and for the year ended March 31, 2020 and how the transition from IGAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

Exemption Availed:

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has availed the following exemptions:

- Deemed cost for PPE and Intangible Assets:
The Company has elected to continue with the carrying value of all of its plant and equipment and intangible assets as recognised as of April 01, 2019 (transition date) measured as per the IGAAP and use that carrying value as its deemed cost as of the transition date.
- Investment in Subsidiary, Joint ventures and Associates:
The Company has elected to carry its investment in subsidiary at deemed cost, which is its IGAAP carrying amount at the date of transition to Ind AS

Disclosure as required by Ind AS 101 - First time adoption of Indian Accounting Standards

Cash & Cash equivalents as at March 31, 2020	104.00	54.12	158.12

Notes to the Reconciliation of equity as at April 1, 2019 and March 31, 2020 and Total Comprehensive Income for the year ended March 31, 2020:

A. On account of changes in accounting policies

A1. Fair valuation of Security Deposits

Interest free deposits have been fair valued and are discounted using an appropriate current market rate. The difference between the nominal value and the fair value of the deposit under the lease is considered as Prepaid Rent, Which is unwinded on a straight line basis over the period of the lease. The company also recognizes interest expenses using the discounting rate, over the life of the deposit. These adjustments are reflected in retained earnings as at the date of transition and subsequently in the statement of profit and loss.

A2. Allowances for Credit losses

For Provision of Credit losses on Trade Receivables, the company has

A3. Deferred Tax

IGAAP requires deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under IGAAP. In addition, the various transitional adjustments lead to temporary differences. According to the accounting policies, the Company has to account for such differences. Deferred Tax adjustments are recognised in correlation to the underlying transaction either in retained earnings or profit and loss respectively

A4. Defined Benefit Liabilities

Both under IGAAP and Ind AS, the Company recognised costs related to its post-employment defined benefit plan on an actuarial basis. Under IGAAP, the entire cost, including actuarial gains and losses, are charged to Statement of Profit and Loss. Under Ind AS, remeasurements (comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets excluding amounts included in net interest on the net defined benefit liability) are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI.

A5. Business Combination

Blue Circle Organics Private Limited was absorbed by BlueJet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited) as per the scheme approved by National Company Law Tribunal (NCLT) vide order dated November 19, 2020 ("the Scheme"). Under IGAAP, the merger was accounted as per the "Purchase Method" under Accounting Standard 14 'Accounting for Amalgamations' as prescribed in the Scheme i.e. all the assets & liabilities were recorded at fair value.

Since this being common control business combination, the Company has accounted for this merger transaction as per the requirement of IndAS 103 'Business Combinations' i.e. using pooling of interest method, accordingly the assets and liabilities of the combining entities are reflected at their original carrying amounts with effect from April 01 2019, the only adjustments that are made to harmonise it's accounting policies.

A6. Right of Use Assets

The Company recognizes a right-of-use asset ("ROU") and a lease liability at the lease commencement date. The ROU is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

A7. Fair Valuation of Financial Assets and Liabilities

The Company has designated investments other than Investment in Subsidiary, Joint Arrangements and Associates at Fair Value through Profit and Loss (FVTPL). Ind AS requires FVTPL investments to be measured at fair value. At the date of transition to Ind AS, difference between the fair value of investment and IGAAP carrying amount has been recognised in Retained Earnings.

A8. Current Tax

The transitional adjustments have lead to differences in Provision for Tax . According to the accounting policies, the Company has to account for such differences. Current Tax adjustments are recognised in correlation to the underlying transaction in Profit and Loss Statement.

B. On account of Errors

B1. Property, Plant & Equipment

Errors were observed in carrying value of PPE on account of depreciation and certain other adjustments which were now rectified.

B2. Investments

Errors were observed in calculation of gain / (loss) on sale of investment which were now rectified.

B3. Inventories

Errors were observed in measurement and recording of inventory which were now rectified.

B4. Sales and Trade Receivables

Errors were observed in revenue recognition w.r.t to cut-off which were now rectified.

B5. Defined Benefit Liabilities

Errors were observed in recognition and measurement of post employment defined benefits plan which were now rectified.

B6. Export Incentive

Errors were observed in recognition of export incentive which were now rectified.

B7. External Commercial Borrowings and Foreign exchange fluctuations

Errors were observed in calculation of exchange (gain) / loss which were now rectified.

B8. Deferred Tax

Changes to gives effect of temporary differences arising due to various error adjustments

B9. Mark to Market of derivatives

Errors were observed in recognition and measurement of forward contracts & interest rate swaps which were now rectified.

BlueJet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)
Notes to the Financial Statements

Note 53: Investment Details

Details of investments made by the Company covered u/s. 186 (4) of the Companies Act 2013 as on 31 March 2021 (including investments made in the previous years):

Name of the entity	₹ in million		
	As at 31-03-2021	Transactions during the year	As at 31-03-2020

Investment	-	(7.15)	7.15

Note 54 :

The Company has a process whereby periodically all the long term contracts (including derivatives contracts) are assessed for material foreseeable losses. At the year end, the Company has reviewed and ensured that adequate provision as required under any law / accounting standards for material foreseeable losses on such long term contracts has been made in the books of accounts.

Note 55: Scheme of Absorption of Blue Circle Organics Private Limited (Ind AS 103):

The scheme of merger by absorption of Blue Circle Organic Private Limited ("BCOPL" or 'the Absorbed Undertaking') by BlueJet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited) has been approved by the National Company Law Tribunal vide order dated November 19, 2020 ('the Scheme'). As per requirement of Appendix C of Ind AS 103 'Business Combinations', the scheme, which is effective 1st April 2019, has been accounted as per 'pooling of interests' method. Accordingly, the assets and liabilities of the combining entity are reflected at their carrying amounts. Further, in the term of the Scheme, as a consideration of the absorption of BCOPL with the Company, 9,31,231 shares would be issued by the Company.

Bluejet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)

Notes To Financial Statements

Note 1: Company Overview and Significant Accounting Policies:

1 (A) Company Overview

Bluejet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited) (“the Company”) is a Private Limited Company incorporated in India having its registered office at Mumbai, Maharashtra, India. The company is engaged in manufacturing of molecules used in Pharmaceutical and Healthcare products.

1 (B) Significant Accounting Policies

(a) Statement of Compliance

These standalone financial statements (hereinafter referred to as “financial statements”) are prepared in accordance with the Indian Accounting Standards (“Ind AS”) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of Companies Act, 2013 (“the Act”), amendments thereto.

These are Company’s first Ind AS financial statements. The date of transition to Ind AS is April 01, 2019. The Company has availed first time adoption exemption as per Ind AS 101 (Refer Note No. 52 for details)

Up to the year ended March 31, 2020, the Company prepared its financial statements in accordance with previous GAAP, which includes Standards notified under the Companies (Accounting Standards) Rules, 2006, the relevant provisions of the Act, as applicable. In these financial statements for the year ended March 31, 2021, the financial statements for previous year ended March 31, 2020 and Balance Sheet as at April 01, 2019, have been prepared and presented as per Ind AS for like- to- like comparison.

The financial statements were authorized by the Board of Directors of the Company at their meeting held on December 31, 2021.

(b) Basis of Preparation and Presentation:

Basis of Preparation

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities:

- (i) Derivative Financial Instruments measured at fair value
- (ii) Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)
- (iii) Employee’s Defined Benefit Plan as per actuarial valuation.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions, regardless of whether that price is directly observable or estimated using another valuation technique.

In determining the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

Bluejet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)

Notes To Financial Statements

Functional and Presentation Currency

The Company's financial statements are presented in Indian Rupees, which is also the Company's functional currency. All amounts have been rounded off to the nearest million, except where otherwise indicated.

Classification of Assets and Liabilities into Current/Non-Current

The Company has ascertained its operating cycle as twelve months for the purpose of Current / Non-Current classification of its Assets and Liabilities.

For the purpose of Balance Sheet, an asset is classified as current if:

- (i) It is expected to be realized, or is intended to be sold or consumed, in the normal operating cycle; or
- (ii) It is held primarily for the purpose of trading; or
- (iii) It is expected to realize the asset within twelve months after the reporting period; or
- (iv) The asset is a cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

Similarly, a liability is classified as current if:

- (i) It is expected to be settled in the normal operating cycle; or
- (ii) It is held primarily for the purpose of trading; or
- (iii) It is due to be settled within twelve months after the reporting period; or
- (iv) The Company does not have an unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could result in its settlement by the issue of equity instruments at the option of the counterparty does not affect this classification.

All other liabilities are classified as non-current.

(c) Property, Plant and Equipment (PPE):

The initial cost of PPE comprises its purchase price, including import duties and non-refundable purchase taxes, and any directly attributable costs of bringing an asset to working condition and location for its intended use, including relevant borrowing costs and any expected costs of decommissioning.

Subsequent costs are included in the assets' carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance cost are charged to the Statement of Profit and Loss during the period in which they were incurred.

Bluejet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)

Notes To Financial Statements

If significant parts of an item of PPE have different useful lives, then they are accounted for as separate items (major components) of PPE.

Material items such as spare parts, stand-by equipment and service equipment are classified as PPE when they meet the definition of PPE as specified in Ind AS 16 – Property, Plant and Equipment.

Any gain or loss on disposal of an item of PPE is recognized in the Statement of Profit and Loss.

PPE are stated at their cost of acquisition/installation or construction net of accumulated depreciation, and impairment losses, if any.

(d) Expenditure during construction period:

Expenditure/ Income during construction period (including financing cost related to borrowed funds for construction or acquisition of qualifying PPE) is included under Capital Work-in-Progress, and the same is allocated to the respective PPE on the completion of their construction. Advances given towards acquisition or construction of PPE outstanding at each reporting date are disclosed as Capital Advances under “Other non-current Assets”.

(e) Depreciation:

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a written down basis over the useful lives as prescribed in Schedule II to the Act as per technical assessment. Freehold Land with indefinite life is not depreciated.

Depreciable amount for PPE is the cost of PPE less its estimated residual value. The useful life of PPE is the period over which PPE is expected to be available for use by the Company, or the number of production or similar units expected to be obtained from the asset by the Company.

In case of certain classes of PPE, the Company uses different useful lives than those prescribed in Schedule II to the Act. The useful lives have been assessed based on technical advice, taking into account the nature of the PPE and the estimated usage of the asset on the basis of management’s best estimation of obtaining economic benefits from those classes of assets. The estimated useful life is reviewed periodically, with the effect of any changes in estimate being accounted for on a prospective basis.

Such classes of assets and their estimated useful lives are as under:

Sr No	Nature	Estimated Useful Life
1	Plant and Machinery	3-15 years

Depreciation on additions is provided on a pro-rata basis from the date of installation or acquisition and in case of Projects from the date of commencement of commercial production. Depreciation on deductions/disposals is provided on a pro-rata basis up to the date preceding the month of deduction/disposal.

Bluejet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)

Notes To Financial Statements

(f) Intangible Assets and Amortization:

▪ Internally generated Intangible Assets:

Expenditure pertaining to research is expensed out as and when incurred. Expenditure incurred on development is capitalized if such expenditure leads to creation of an asset, otherwise such expenditure is charged to the Statement of Profit and Loss.

▪ Intangible Assets acquired separately:

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment loss, if any. Cost comprises the purchase price (net of tax / duty credits availed wherever applicable) and any directly attributable cost of bringing the assets to its working condition for its intended use. The Company determines the amortization period as the period over which the future economic benefits will flow to the Company after taking into account all relevant facts and circumstances. The estimated useful life and amortization method are reviewed periodically, with the effect of any changes in estimate being accounted for on a prospective basis.

▪ Class of intangible assets and their estimated useful lives / basis of amortization are as under:

No	Nature	Estimated Useful life / Basis of amortization
1	Software	3 Years
2	Trade Marks	3 Years

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of an item of intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of such item of intangible asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

(g) Non-current assets (or disposal groups) classified as held for sale:

The Company classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable.

Such assets or group of assets / liabilities are presented separately in the Balance Sheet, in the line "Assets / Disposal groups held for sale" and "Liabilities included in disposal group held for sale" respectively. Once classified as held for sale, intangible assets and PPE are no longer amortized or depreciated.

Such assets or disposal groups held for sale are stated at the lower of carrying amount and fair value less costs to sell.

(h) Impairment of Non-Financial Assets

At the end of each reporting period, the Company reviews the carrying amounts of non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

Bluejet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)

Notes To Financial Statements

When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in Statement of Profit and Loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in the Statement of Profit and Loss.

(i) Inventories:

Inventories are valued as follows:

- **Raw materials, fuel, stores & spares and packing materials:**
Valued at lower of cost and net realizable value (NRV). However, these items are considered to be realizable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost. Cost is determined on weighted average basis which includes expenditure incurred for acquiring inventories like purchase price, import duties, taxes (net of tax credit) and other costs incurred in bringing the inventories to their present location and condition
- **Work-in- progress (WIP), finished goods, stock-in-trade and trial run inventories:**
Valued at lower of cost and NRV. Cost of Finished goods and WIP includes cost of raw materials, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of Stock-in Trade includes cost of purchase and other costs incurred in bringing the inventories to the present location and condition. Cost of inventories is computed on weighted average basis.
- **Waste / Scrap:**
Waste / Scrap inventory is valued at NRV.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

Bluejet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)

Notes To Financial Statements

(j) Borrowing Costs:

General and specific borrowing costs that are attributable to the acquisition, construction or production of a qualifying asset are capitalized as part of the cost of such asset till such time the asset is ready for its intended use and borrowing costs are being incurred. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are recognized as an expense in the period in which they are incurred.

Borrowing cost includes interest expense, amortization of discounts, hedge related cost incurred in connection with foreign currency borrowings, ancillary costs incurred in connection with borrowing of funds and exchange difference arising from foreign currency borrowings to the extent they are regarded as an adjustment to the Interest cost.

(k) Provisions, Contingent Liabilities and Contingent Assets:

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources, that can be reliably estimated, will be required to settle such an obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognized in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Claims against the Company where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognized in financial statements since this may result in the recognition of income that may never be realized. However, when the realization of income is virtually certain, then the related asset is not a contingent asset and is recognized. A contingent asset is disclosed, in financial statements, where an inflow of economic benefits is probable.

(l) Revenue Recognition:

(i) Revenue from Contracts with Customers

- Revenue is recognized on the basis of approved contracts regarding the transfer of goods or services to a customer for an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

Bluejet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)

Notes To Financial Statements

- Revenue is measured at the fair value of consideration received or receivable taking into account the amount of discounts, incentives, volume rebates, and outgoing taxes on sales. Any amounts receivable from the customer are recognized as revenue after the control over the goods sold are transferred to the customer which is generally on upon shipment or upon receipt of goods by the customer.
- Variable consideration - This includes incentives, volume rebates, discounts etc. It is estimated at contract inception considering the terms of various schemes with customers and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognized will not occur when the associated uncertainty with the variable consideration is subsequently resolved. It is reassessed at end of each reporting period.
- Significant financing component - In some cases, the Company receives short-term advances from its customers. Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.

(ii) Dividend income is accounted for when the right to receive the income is established.

(iii) Interest income is recognized using the Effective Interest Method.

(m) Lease :

The Company assesses whether a contract contains a lease, at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether

- (i) the contract involves the use of identified asset;
- (ii) the Company has substantially all of the economic benefits from the use of the asset through the period of lease and;
- (iii) the Company has the right to direct the use of the asset.

As a lessee

The Company recognizes a right-of-use asset ("ROU") and a lease liability at the lease commencement date. The ROU is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

Certain lease arrangements include the option to extend or terminate the lease before the end of the lease term. The right-of-use assets and lease liabilities include these options when it is reasonably certain that the option will be exercised.

The ROU is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term.

Bluejet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)

Notes To Financial Statements

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the company's incremental borrowing rate or SBI base rate. Generally, the company uses the SBI base rate.

Lease payments included in the measurement of the lease liability comprises fixed payments, including in-substance fixed payments, amounts expected to be payable under a residual value guarantee and the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option.

The lease liability is subsequently measured at amortized cost using the effective interest method, except those which are payable other than functional currency which is measured at fair value through profit or loss. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the company's estimate of the amount expected to be payable under a residual value guarantee, or if company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the ROU, or is recorded in Statement of Profit or Loss if the carrying amount of the ROU has been reduced to zero.

Lease Liabilities have been presented in 'Financial Liabilities' and the 'ROU' have been presented separately in the Balance Sheet. Lease payments have been classified as financing activities in the Statement of Cash Flows.

Short-term leases and leases of low-value assets

The Company has elected not to recognize ROU and lease liabilities for short term leases that have a lease term of 12 months or lower and leases of low value assets. The Company recognizes the lease payments associated with these leases as an expense over the lease term. The related cash flows are classified as Operating activities in the Statement of Cash Flows.

As a lessor

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the right of use asset arising from the head lease.

(n) Employee benefits:

Gratuity

The gratuity, a defined benefit plan, payable to the employees is the based on the Employees' service and last drawn salary at the time of the leaving of the services of the Company and is in accordance with the Rules of the Company for payment of Gratuity. Liability with regards to gratuity plan is determined using the projected unit credit method, with actuarial valuations being carried out by a qualified independent actuary at the end of each annual reporting period. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the Balance Sheet with a charge or credit recognized in Other Comprehensive Income (OCI) in the period in which they occur. Re-measurement recognized in OCI is reflected immediately in retained earnings and will not be reclassified to Statement of Profit and Loss.

Bluejet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)

Notes To Financial Statements

Past service cost is recognized in the Statement of Profit and Loss in the period of a plan amendment. Interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset and is recognized in the Statement of Profit and Loss. Defined benefit costs are categorized as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- re-measurement

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. The defined benefit obligation recognized in the Balance Sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Provident Fund

The eligible employees of the Company are entitled to receive benefits in respect of provident fund, which is a defined benefit plan, for which both the employees and the Company make monthly contributions at a specified percentage of the covered employees' salary. The contributions as specified under the law are made to the approved provident fund which is set up by the Company. The Company is liable for annual contributions and any shortfall in the fund assets based on the government specified minimum rates of return and recognizes such contributions and shortfall, if any, as an expense in the year incurred.

Other employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related service is rendered.

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Liabilities recognized in respect of other long-term employee benefits are measured using the projected unit credit method by a qualified independent actuary at the end of each annual reporting period, at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date. With reference to some employees, liability of other fixed long-term employee benefits is recognized at the present value of the future cash outflows expected to be made by the Company.

Remeasurement gains / losses are recognized in the Statement of Profit and Loss in the period in which they arise.

(o) Income Taxes:

Income Tax expenses comprise current tax and deferred tax charge or credit.

Current Tax is measured on the basis of estimated taxable income for the current accounting period in accordance with the applicable tax rates and the provisions of the Income-tax Act, 1961 and other applicable tax laws.

Bluejet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)

Notes To Financial Statements

Deferred tax is recognised, on all temporary differences at the reporting date between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes. Deferred tax assets and liabilities are measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted at the reporting date. Tax relating to items recognised directly in equity or OCI is recognised in equity or OCI and not in the Statement of Profit and Loss.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized except:

- a) When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- b) In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

Deferred tax assets are reviewed at each reporting date and are recognised / reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realised.

(p) Earnings Per Share:

Basic Earnings Per Share ("EPS") is computed by dividing the net profit / (loss) after tax for the year attributable to the equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for treasury shares.

For the purpose of calculating diluted earnings per share, net profit / (loss) after tax for the year attributable to the equity shareholders is divided by the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares and is adjusted for the treasury shares held by the Company to satisfy the exercise of the share options by the employees.

(q) Foreign Currency transactions:

Transactions in currencies other than the Company's functional currency (i.e. foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rate as at the date of initial transactions.

Bluejet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)

Notes To Financial Statements

Exchange differences on monetary items are recognised in the Statement of Profit and Loss in the period in which they arise except for:

- exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings;
- exchange differences relating to qualifying effective cash flow hedges and qualifying net investment hedges in foreign operations which are recognised in OCI.

(r) Investment in Subsidiaries, Associates and Joint Ventures:

The Company's investment in its subsidiaries, associates and Joint Ventures are carried at cost net of accumulated impairment loss, if any

On disposal of the Investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Profit and Loss.

(s) Financial Instruments:

A Financial Instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Initial Recognition:

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are charged to the Statement of Profit and Loss over the tenure of the financial assets or financial liabilities.

Classification and Subsequent Measurement: Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, Fair Value through Other Comprehensive Income ("FVOCI") or Fair Value through Profit or Loss ("FVTPL") on the basis of following:

- the entity's business model for managing the financial assets and
- the contractual cash flow characteristics of the financial asset.

Amortised Cost:

A financial asset shall be classified and measured at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Bluejet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)

Notes To Financial Statements

In case of financial assets classified and measured at amortised cost, any interest income, foreign exchange gains or losses and impairment are recognised in the Statement of Profit and Loss.

Fair Value through OCI:

A financial asset shall be classified and measured at fair value through OCI if both of the following conditions are met:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value through Profit or Loss:

A financial asset shall be classified and measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through OCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

For financial assets at FVTPL, net gains or losses, including any interest or dividend income, are recognised in the Statement of Profit and Loss.

Classification and Subsequent Measurement: Financial liabilities

Financial liabilities are classified as either financial liabilities at FVTPL or 'other financial liabilities'.

Financial Liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or is a derivative (except for effective hedge) or are designated upon initial recognition as FVTPL:

Gains or Losses, including any interest expense on liabilities held for trading are recognised in the Statement of Profit and Loss.

Other Financial Liabilities:

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost on initial recognition. Interest expense (based on the effective interest method), foreign exchange gains and losses, and any gain or loss on derecognition is recognised in the Statement of Profit and Loss.

Bluejet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)

Notes To Financial Statements

Impairment of financial assets:

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category. For financial assets other than trade receivables, as per Ind AS 109, the Company recognises 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition.

The Company's trade receivables do not contain significant financing component and as per simplified approach, loss allowances on trade receivables are measured using provision matrix at an amount equal to life time expected losses i.e. expected cash shortfall.

The impairment losses and reversals are recognised in Statement of Profit and Loss.

Derecognition of financial assets and financial liabilities:

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises an associated liability for amounts it has to pay.

On derecognition of a financial asset, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in OCI and accumulated in equity is recognised in the Statement of Profit and Loss.

The Company de-recognises financial liabilities when and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability de-recognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

(t) Cash and cash equivalents:

Cash and cash equivalents in the Balance Sheet comprise cash at bank and in hand and short-term deposits with banks that are readily convertible into cash which are subject to insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

(u) Financial liabilities and equity instruments:

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Company are recognised at the proceeds received.

Bluejet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)

Notes To Financial Statements

(v) Derivative financial instruments:

The Company enters into derivative financial instruments viz. foreign exchange forward contracts, interest rate swaps and cross currency swaps to manage its exposure to interest rate, foreign exchange rate risks and commodity prices. The Company does not hold derivative financial instruments for speculative purposes.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately excluding derivatives designated as cashflow hedge.

(w) Hedge accounting:

The Company designates certain hedging instruments in respect of foreign currency risk, interest rate risk and commodity price risk as cash flow hedges. At the inception of the hedge relationship, the entity documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Company documents whether the hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to the hedged risk.

The effective portion of changes in the fair value of the designated portion of derivatives that qualify as cash flow hedges is recognised in OCI and accumulated under equity. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss.

Amounts previously recognised in OCI and accumulated in equity relating to effective portion as described above are reclassified to Statement of Profit and Loss in the periods when the hedged item affects the Statement of Profit or Loss, in the same line as the recognised hedged item. However, when the hedged forecast transaction results in the recognition of a non-financial asset or a non-financial liability, such gains and losses are transferred from equity and included in the initial measurement of the cost of the non-financial asset or non-financial liability.

Hedge accounting is discontinued prospectively when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in OCI and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised the Statement of Profit and Loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in the Statement of Profit and Loss.

(x) Segment Reporting - Identification of Segments:

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the company's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

Bluejet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)

Notes To Financial Statements

(y) Business Combination:

Business combinations except for common control transactions are accounted for using the acquisition method. At the acquisition date, the identifiable assets acquired, and the liabilities assumed are recognised at their acquisition date fair values.

Goodwill is measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. Such goodwill is tested annually for impairment. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

Business combinations involving entities or businesses under common control will be accounted for using the pooling of interest method. Under pooling of interest method, the assets and liabilities of the combining entities are reflected at their carrying amounts, the only adjustments that are made are to harmonise accounting policies. The difference, if any, between the amount recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital of the transferor will be transferred to capital reserve.

1(C) Significant Management judgements, estimates & assumptions:

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected. The following are significant management judgements in applying the accounting policies of the Company that have the most significant effect:

(a) Critical judgments in applying accounting policies:

In the process of applying the Company's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognised in the standalone financial statements.

(i) Useful Lives of Property, Plant & Equipment and Intangible Assets:

The Company uses its technical expertise along with historical and industry trends for determining the economic life of an asset/component of an asset. The useful lives are reviewed by management periodically and revised, if appropriate. In case of a revision, the unamortised depreciable amount is charged over the remaining useful life of the assets.

(ii) Impairment of Assets:

The Company reviews its carrying value of assets annually where there is an indication of impairment by estimating the future economic benefits from using such assets. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

Bluejet Healthcare Private Limited (Formerly known as Jet Chemicals Private Limited)

Notes To Financial Statements

(iii) Recognition and measurement of deferred tax assets and liabilities:

Deferred tax assets and liabilities are recognised for deductible temporary differences for which there is probability of utilisation against the future taxable profit. The Company uses judgement to determine the amount of deferred tax liability / asset that can be recognised, based upon the likely timing and the level of future taxable profits and business developments.

(iv) Classification of Lease Ind AS 116

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. The Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

(v) Fair value measurement of financial instruments:

In estimating the fair value of an asset or liability, the Company uses market-observable data to the extent it is available. Where level 1 inputs are not available, the Company engages third party qualified valuers to perform the valuation. The management works closely with qualified external valuers to establish the appropriate valuation techniques and inputs to the model.

(vi) Revenue Recognition

The Company recognises revenue in accordance with Ind AS 115 "Revenue from Contracts with Customers". Revenue from the sale of goods is recognised at a point in time when the control has been transferred, which generally coincides with terms as agreed with the customers. Revenue is required to be recognised in accordance with the terms of the customer contracts, which involve management judgements as described above.

(vii) Defined benefit plans:

The cost of the defined benefit gratuity plan, provident fund and other post-employment medical benefits and the present value of the gratuity and provident fund obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.
